Hi Dan,

Sorry for not getting back to you yesterday. I looked through my files and this is what I found:

RMD Compliant Products Date Signed

61282-15	10/14/09
61282-33	10/21/09
61282-37	10/21/09
61282-40	10/21/09
61282-51	10/14/09

The only thing that was done with 61282-14 was the approval of a supplemental label for use of the product in air fields against CA Ground Squirrels. I don't have any of the other products listed, and she should have the letters and labels of the RMD products that I did. I hope this helps.

Good afternoon,
I had wanted to follow up with you again as to the estimated time frame in which you will be reviewing our labels. I did just realize that while I listed the EPA Reg. Nos. in question, I failed to call out the specific active ingredients. I have now added that information below:

Diphacinone:			
61282-6	61282-15	61282-26	61282-48
61282-7	61282-19	61282-41	
61282-9	61282-23	61282-46	
61282-12	61282-24	61282-47	
Warfarin:			
61282-15	61282-33	61282-37	61282-40
Zinc Phosphide:			
61282-14	61282-20	61282-49	61282-50 61282-51

I look forward to hearing from you on when you anticipate working on these submissions. I am anxious to begin work on updating our labeling for the marketplace. Again, any assistance that I may offer (i.e. providing word files, etc.) if fully at your disposal.

Best Regards,
Jenny

Good morning!

Thank you for your prompt response. The following is a list of the Rodenticide registrations that we submitted to the Agency (for compliance with the Risk Mitigation Decision) last August.

61282-6	61282-15	61282-26	61282-46	61282-51
61282-7	61282-19	61282-33	61282-47	
61282-9	61282-20	61282-37	61282-48	
61282-12	61282-23	61282-40	61282-49	
61282-14	61282-24	61282-41	61282-50	

I would be more than happy to provide you with the word files and a copy of the submission cover letter for each of the above registrations if it would assist you in the review process.

Jenny

Dear Ms. Seifert,

I will be planning my work for May and will give you an estimate next week when I will review yours.
Could you provide me with a list of the registration numbers of all RMD decisions pending with EPA and their active ingredients?
Thank you for your patience.

Good afternoon Dan,
I am terribly sorry to be a pest, but I was hoping that perhaps I might be able to get an update as to where our labels are at in the review process. We are looking to begin updating our labels (as well as our sub-registrant labels) in the very near future so that we are all well prepared with products post-mitigation measures.

Are you perhaps able to provide me with such an update?
Thank you in advance for your assistance in this matter.

Best Regards,
Jenny

Good morning Dan,
In speaking with Jennifer Gaines yesterday, it is my understanding that at least some of the remaining label submissions for EPA Co. No. 61282 maybe in your cue for review and comment. I was wondering if perhaps I

could get an update as to where you might be in the process? If it would help you out, I would be more than happy to send to you the word files used to develop the label submission and we could work out any corrections via email.

Please let me know how I can best assist, if at all, in this process.
Best Regards,
Jenny
